Input

Filter

Output

To ignore irrelevant requests (like stylesheets, images but also logspam), add regular expressions to this list:

Ignore:

```
\.ico$  
\.png$  
\.jpg$  
\.gif$  
\.css$
```

Add...

Edit...

Remove

To make sure the resulting graph will be of a suitable size, specify a maximum number of edges here:

Maximum edges:

7
